Change the world!**

## Why Walk?

CROP Hunger Walks are interfaith events that build community while raising funds to end hunger in your own community AND also around the world. Everyone is welcome to join!

Your participation impacts individuals and families in more than 35 countries. In many developing nations, people can walk up to six miles a day to get food and water. One in nine people worldwide lack access to clean water and a healthy diet. We walk to be in solidarity, bring awareness to these issues and raise the funds for permanent change.

## What is the Impact?

Annually, CROP Hunger Walkers raise nearly \$10 million to bring help and hope.

Support to U.S.-based hunger-fighting organizations

Water systems and increased access to safe drinking water

Tools and training to help families grow the food they need
